

# NEPTUNE Canada

## Co-op Student Program

- **Call for Applications for Co-op Student Support**

NEPTUNE Canada has allocated funds to support Co-op students to work with observatory scientists and engineers on NEPTUNE-related projects. We are soliciting applications for Co-op student support. Canadian scientists and engineers from universities that support Co-op students can apply to host a student. Selected applicants would supervise and work with a Co-op student for one term. Multiple terms are possible, but must be justified in the application.

- **Submit a 2-page application**

- **Application to include:**

- 1. Name & affiliation of PI.*
- 2. Description of the proposed Co-op project.*
- 3. Relevance of the proposed project to the science, engineering development, or information technology within NEPTUNE Canada.*
- 4. Description of the facilities available to support the student.*
- 5. Proposed Co-op term(s) starting in summer, 2012.*

- **Submit by email to: Christina Waddle  
([cwaddle@uvic.ca](mailto:cwaddle@uvic.ca))**

- **Questions?: Contact Karen Douglas ([kdouglas@uvic.ca](mailto:kdouglas@uvic.ca))**

- **Application Deadline: 13 January 2012**
